“ I will always remember Dr Jaqueline Lloyd as a pioneer of healthcare for geriatric patients. I will remember her smirky and infectious eyebrow raise, when we shared experiences. I will always remember her commitment to “patient centered care”. The day I became her provider as a nurse practitioner was at first ... awkward, knowing her level of experience . My first question was “ what is your preferred name so we can communicate in meaningful ways “ . I will always remember her smile at that question. Dr Jackie was her answer. Gone too soon Dr Jackie , but resting in peace came when you were ready . Thank you for your service and trusting me.

“ Prayers for the family! Both, Francis and Jackie, were blessings to the Johnson City - Washington County, Tn. Community and were sorely missed when they relocated to Florida. May God bring the comfort that only He can to those who mourn but giving reassurance that there will be brighter days as a wonderful reunion awaits for all who know and love Him.
